

# Michigan Engineering

College of Engineering  
University of Michigan  
North Campus, Ann Arbor, Michigan

- |  |   |
|--|---|
| 1. Space Research Building   | 14. Mortimer E. Cooley Building                             |
| 2. Herbert H. Dow Building   | 15. Phoenix Memorial Laboratory                             |
| 3. G. G. Brown Laboratories  | 16. School of Music, Theatre & Dance                        |
| 4. François-Xavier Bagnoud Building  | 17. Art and Architecture Building                           |
| 5. Engineering Programs Building and<br>Walter E. Wilson Student Team Project Center | 18. Carl A. Gerstacker Building                             |
| 6. Naval Architecture and Marine Engineering<br>Building                             | 19. Engineering Research Building                           |
| 7. Electrical Engineering and<br>Computer Science (EECS) Building                    | 20. Bonisteel Interdisciplinary Research Building           |
| 8. Walter E. Lay Automotive<br>Engineering Laboratory                                | 21. Bentley Historical Library                              |
| 9. Pierpont Commons  | 22. School of Information                                   |
| 10. Chrysler Center  | 23. Ann and Robert H. Lurie Biomedical Engineering Building |
| 11. James and Anne Duderstadt Center   | 24. Gerald R. Ford Library                                  |
| 12. Robert H. Lurie Engineering Center   | 25. Computer Science and Engineering Building               |
| 13. Industrial and Operations Engineering Building                                   | 26. School of Information North                             |
|  | 27. Walgreen Drama Center                                   |
|  | 28. Michigan Ion Beam Laboratory                            |
|  | 29. Robert H. Lurie Nanofabrication Facility                |
|  | 30. Environmental and Water Resources Engineering Building  |

Landmarks: a. Ann and Robert H. Lurie Tower, b. Class of '47E Reflecting Pool, c. Alexander Liberman's Begob (red sculpture), d. Maya Lin's Wave Field
